You need to apply if your real estate property has changed ownership during 2023 or you have not previously applied for homestead exemption. If filed after March 15th, the single homestead exemption may be allowed for the following year, 2025. Your deed must be signed and notarized before January 1st and filed in the County Clerk's Office by February 1st to allow the exemption in the current year. If you did not move or change your deed in any way and have previously filed for the exemption on your residence, you are not required to re-file an application. (Form 921)

Additional Homestead Exemption - To be approved for the year 2024, the gross household income must be \$30,000 or less during the past year. To file you will need to bring all collective income for 2023 of all persons living in the homestead residence (all 1099's and W2 forms from all income sources). There is no age requirement; however, if applicable, you must file at the age of 65, and you must be 65 as of January 1st; thereafter, no annual application is required, and the exemption is automatically extended each year. (Form 994)
